

PMT Hit Record

Peak height record:

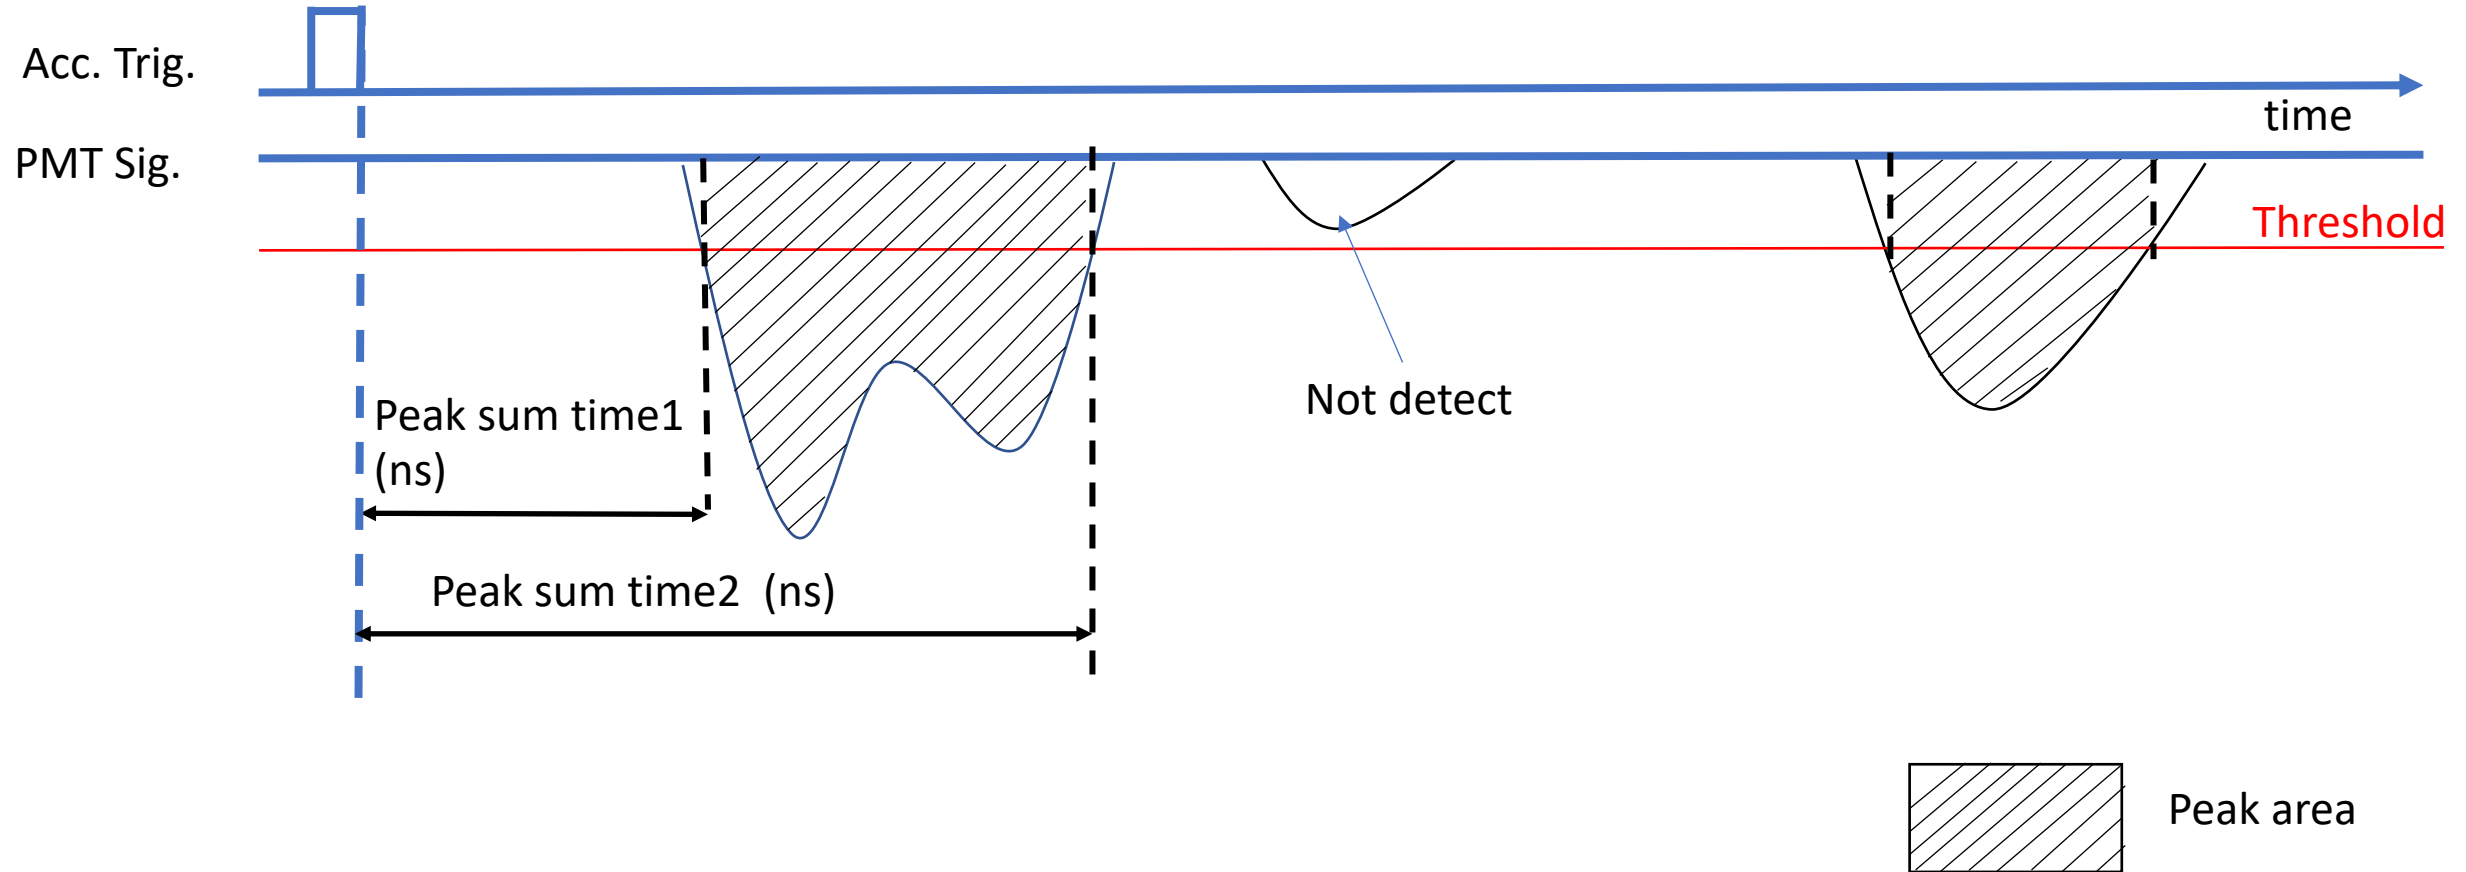

- + **P1**: Find the peak, which is smaller than threshold.
- + **P2**: Record peak height (ADC value) and peak time (ns).

PMT Hit Record

Peak Area record:

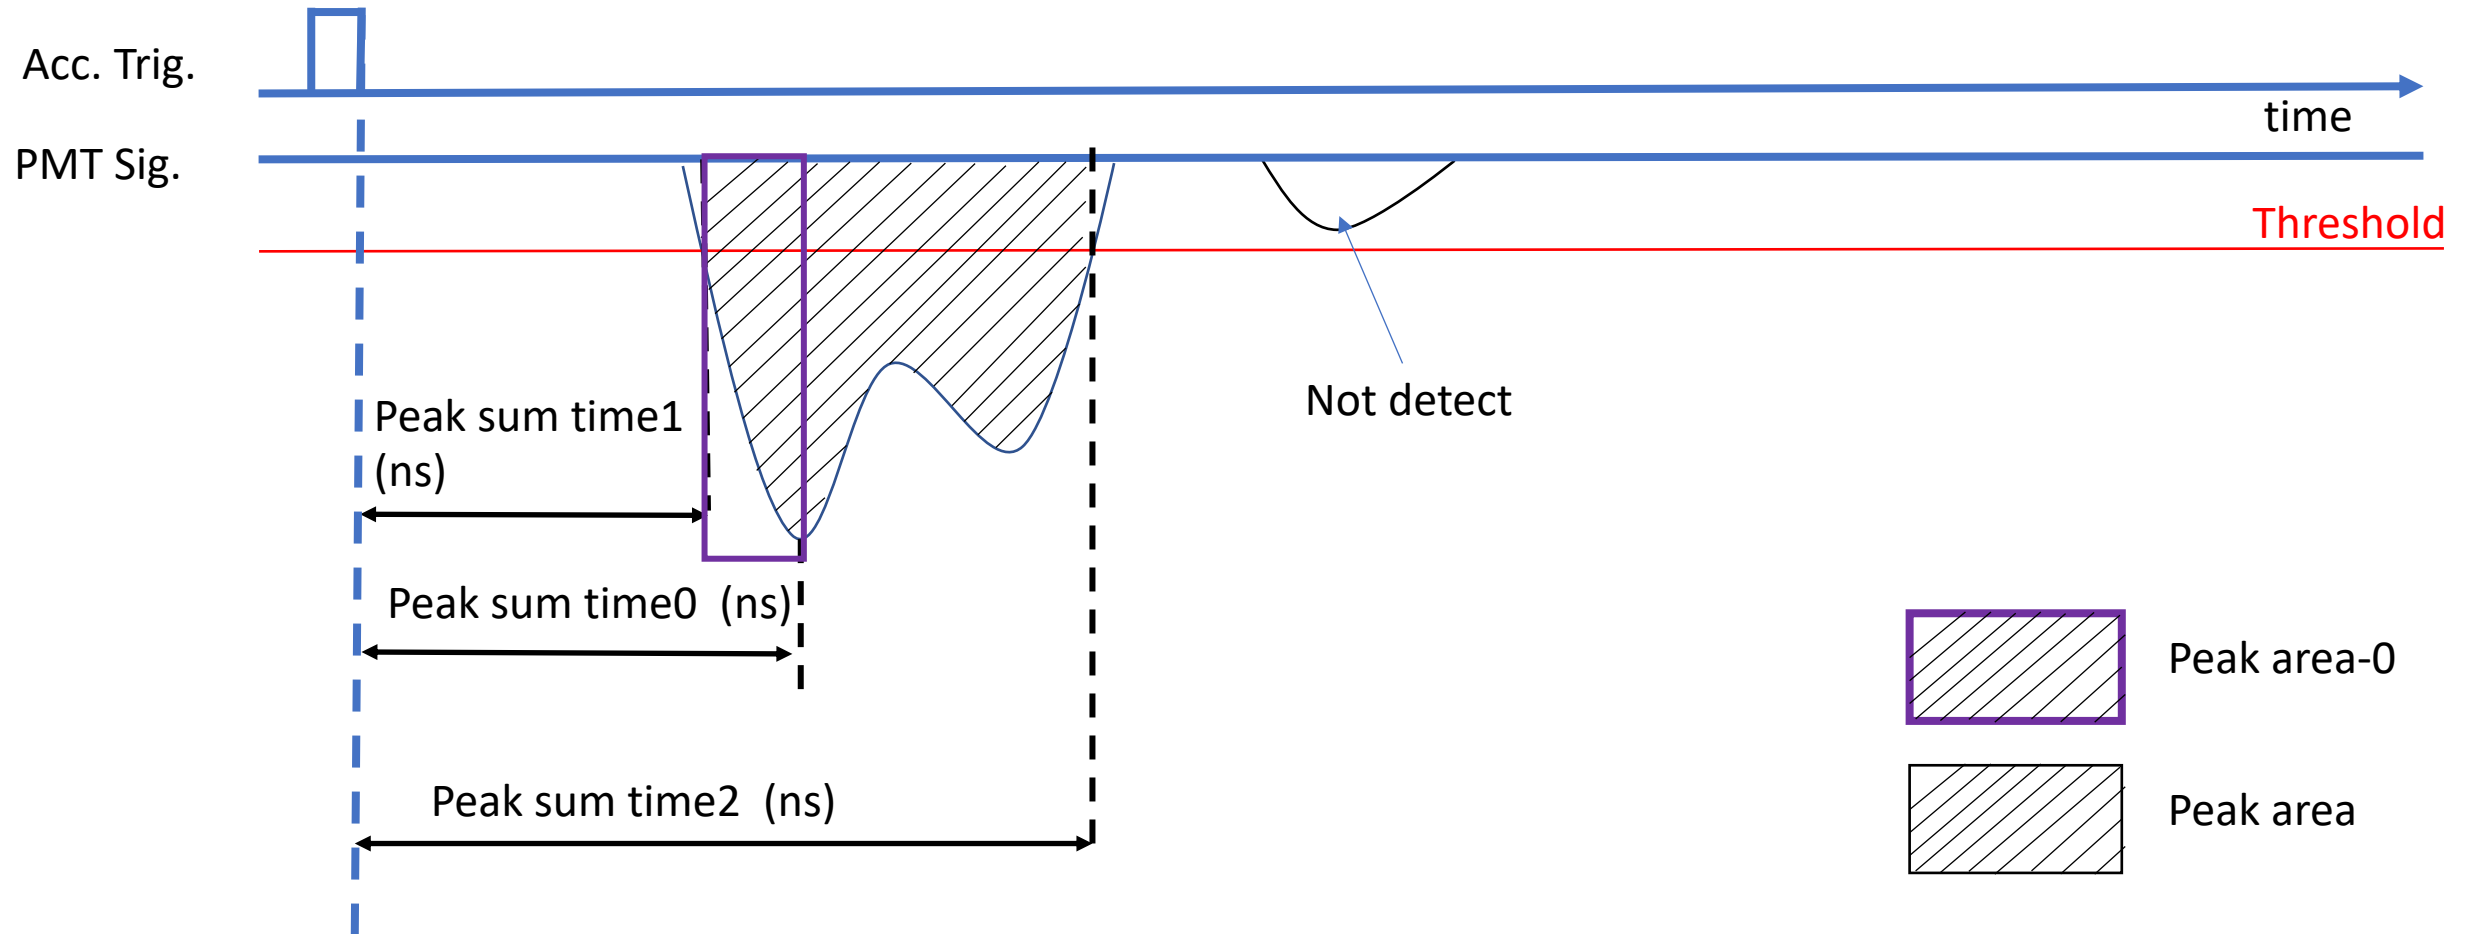

- + **P1**: Find the area of peak, which is smaller than threshold.
- + **P2**: Record the begin time of peak, the end time of peak.
- + **P3**: Record the area of peak (ADC value).

PMT Hit Record

Peak Area record:

- + **P4**: Record the time of the smallest peak.
- + **P3**: Record the area of the smallest peak.

PMT Hit Record

Peak Area record:

- + **P4**: Record the time of the smallest peak.
- + **P3**: Record the area of the smallest peak.
